Chris – Do you think you'd be able to join for a call? It looks like we are both free tomorrow morning from 9-10.

Thanks (and I really appreciate your continued help on this project)!

Great. Why don't we set something up this week, if possible. My schedule is fairly flexible, especially before 3pm pacific. If you can send a me a couple of options that work for you and Chris, I'm sure I can make something work (and can send a call-in number).

Thanks, Amy

Amy, I would like to have Chris on the call if he is able, so let me know when you'd like to chat and I can set something up. Thanks!

I will leave it up to Miranda or whether she wants to set up a call or just have you call her. She may want the call to include Chris too.

I do not need to be on the call if it is just clarifying the request.

Thanks, Jayne and Miranda. I'll look closer at this and will be in touch. I may have a few questions...should I just call Miranda directly for these or set up a group call?

Thanks, Amy

Hi Amy,

Please provide a gross estimate of the following project (b) (5) [REDACTED]. Provide separate estimates for tasks 1-4 from 5-11. Below is a link to the document and a rough estimate for the types of work we would need contractor assistance for, if we end up disapproving portions of the Deschutes TMDL:

<https://fortress.wa.gov/ecy/publications/SummaryPages/1510012.html>

Work that EPA could do if staff time/resources allowed (but I'm including it as a contractor request for now):

(b) (5) [REDACTED]

Work that we would need contractor assistance for (we also may or may not get cooperation/assistance from the state in completing these tasks):

(b) (5) [REDACTED]

(b) (5)

The contact for questions:
